Junyi holds the Chinese flag after ringing the bell to officially start the school year. The flag of each student's home country (Germany and China) will spend one semester atop our flag pole.

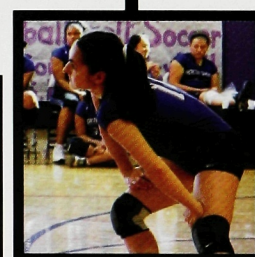

Both Junyi and Laura have been major contributors to the community. Junyi loves math and table tennis and is a member of the cross country and basketball teams. to driving us to and from practices and games, our parents

The Book Fair

Every October the Benefit Board puts on a fantastic community event, our Book Fair. Coordinated by the Board and run by dedicated parents, the Book Fair transforms the library into a wonderland of new books and games for purchase. Without the generosity of our skilled parent volunteers, the Book Fair would not be possible!

Upper School Clubs

This year, North Shore continued its tradition of strong clubs participation. A community of established, veteran clubs welcomed an exciting batch of newcomers to the ranks. Included in these first-year clubs were Anime Club, Baking Club, and Club Salsa (the school's Hispanic culture and language appreciation club).

Some veteran clubs also expanded their activities and membership. Through club participation, students reached out to each other and the larger North Shore Community, and many even stepped beyond the walls of North Shore to share their passions, ideas, and creativity with the outside world.

Pillows is the force that makes the world go round. It inspires the uninspired and gives a voice to the voiceless. In short, PILLOWS is pretty chill."

TIME

With most of last year's staff headed off to college, the DSJ came under new leadership this year. The new editors, Nick Young, Danny Nolan, Chloe Stahl, Caroline McCarthy, Sammy Marks and Emmy Paull, along with faculty advisors Mr. Foley and Mr. Randolph, got students really excited about the paper. The Model UN's new secretariat

took the Club in a new direction this year, sending a North Shore delegation to the Duke University conference for the first time. Delegates also attended conferences at the University of Michigan and Northwestern University, as well as the Chicago International Model UN and the national conference at the real United Nations in New York.

Spirit of North Shore, n.

(spir-it uhv nawrth shohr):

MR. DEUBLE

As a lifer, coach, teacher, and parent, Mr. Deuble has contributed to our community in so many ways. With mentors Mac McCarty and Jay Bach to guide him, Mr. Deuble has become an influential mentor himself, guiding students from JK through 12th grade both on the field and off. As his 23rd year at North Shore comes to an end, we would like to thank him for the enormous impact he has made on this community. We look forward to many more shared memories!

I am still determined to be cheerful and happy, in whatever situation I may be; for I have also learned from experience that the greater part of our happiness or misery depends upon our dispositions, and not upon our circumstances.-
Martha Washington

We may be very similar, but we think differently. Mom & Dad, I love you very much despite our differences and being so close to you, makes it all more difficult to think that we will go separate ways, but that's how life is. You have endured having me as a son and I'm happy it was you two who have dealt with me. I'm proud that you are my parents and hope you are of me.

We are merely nothing more but dirt and water. I believe good virtues and honesty will liberate us from any social injustice allowing us to create change in others. We do nothing but judge without giving a chance but what have you done for others that you feel the need to expect something in return. When acting, act from the heart and not from ambition.

Education's purpose is to replace an empty mind with an open one. -Malcom Forbes

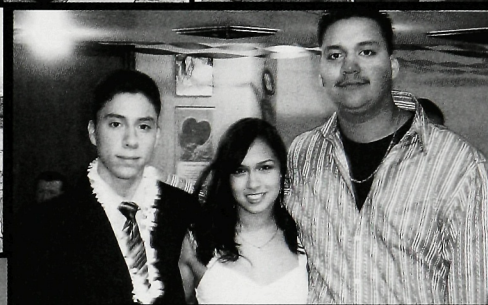

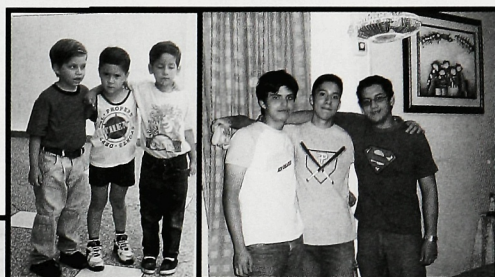

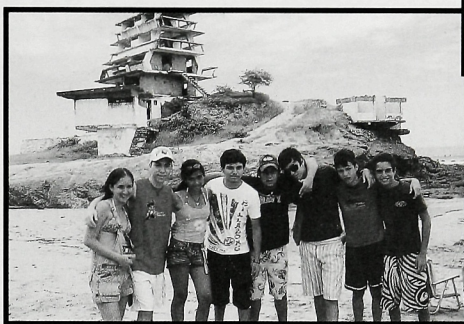

We want what we can't have, and what we can't have is what we think we need, but what we need, we already have it right in front of us. I love my parents above anything else in the world. There is nothing that they have done that was not for me or my future. Even with the rest of my life ahead of me, I don't think I will ever be able to repay you, but I will try with all of my heart to make you proud of me.

We can choose our friends, but we can't choose our relatives. Thank God I have a family that has and will always be by my side.

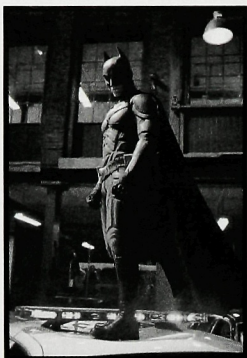

I will never forget where I come from and never turn my back on my Hispanic roots. To be happy I just have to be myself and live by the traditional virtues that I have been taught. There is always something new to learn and by expanding my horizons I will meet new friends where I never thought possible.

"Love is wanting to satisfy others at the expense of self. Love desires to give. Lust is wanting to satisfy self at the expense of others. Lust desires to get." - Unknown

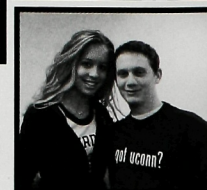

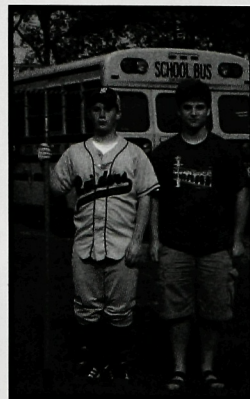

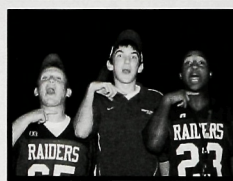

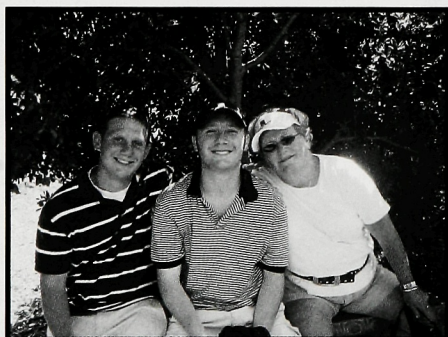

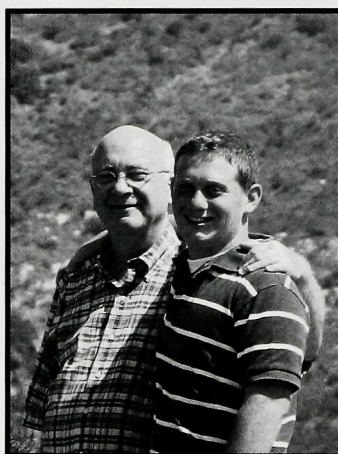

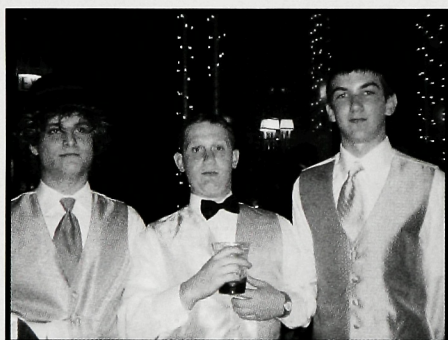

I am what I am, not what you see. It doesn't matter what you think of me. People look at me not knowing what to expect until I achieve my goals through hustle, loyalty and respect. I am my own guide to my own success, but I thank my family and friends with words I can't express. Be yourself for everyone's sake. It's a journey everyone should make. -Joseluis

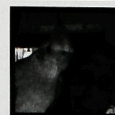

"There's heroes..." "... and there's legends."

"Heroes get remembered, but legends never die." -The Sandlot

I want to thank God, my family, my friends, and all the teachers at NS for shaping me into the young man I am today.

Thanks to all who have
made my 9 years at North
Shore unforgettable.

Wild Geese:
 You do not have to be good.
 You do not have to walk on your knees
 for a hundred miles through the desert, repenting.
 You only have to let the soft animal of your body love
 what it loves.
 Tell me about despair, yours, and I will tell you mine.
 Meanwhile the world goes on.
 Meanwhile the sun and the clear pebbles of the rain
 are moving across the landscapes,
 over the prairies and deep trees,
 the mountains and the rivers.
 Meanwhile the wild geese, high in the clean blue air
 are heading home again.
 Whoever you are, no matter how lonely,
 the world offers itself to your imagination,
 calls to you like the wild geese, harsh and exciting-
 over and over announcing your place
 in the family of things.
 -Mary Oliver

To the teachers and staff,

"Live and Serve" is a motto that I have lived with for the past ten years. Yet over those ten years the concept of live and serve has become more than a motto--it has truly become the way that I want to live my life. I have learned more here than the sum of my classes. I gained a voice and a new perspective on the world. Armed with the skills and education that each one of you helped to provide, I feel that it is my responsibility to pass on this knowledge the way that you have passed it to me. Through your models as teachers and citizens you have inspired me to live in the service of others. Thank you for your empowerment, inspiration and support. While it may be a difficult goal to change the world, I would never have the hope of achieving it if it were not for all that you have given me.

Thanks for ten life-changing years,
Lisa Doi

Another turning point, a fork stuck in the road.
Time grabs you by the wrist, directs you where to go.
So make the best of this test, and don't ask why.
It's not a question, but a lesson learned in time.

It's something unpredictable, but in the end it's right.
We hope you have the time of your life.

So take the photographs, and still frames in your mind.
Hang it on a shelf in good health and good time.
Tattoos of memories and dead skin on trial.
For what it's worth, it was worth all the while.

It's something unpredictable, but in the end it's right.
We hope you have the time of your life.

Congratulations Sophia!

We are so proud of
you!

With all our love,

Ava, and Mia

Congratulations to a very special young woman who risked great change to come to North Shore Country Day School! She excelled in languages and community service, volleyball and soccer and in Model United Nations.

She has grown into a young woman of courage, grace, unselfishness, compassion, laughter, hard work, curiosity, kindness and loyalty. She relishes her classes and respects and admires her teachers and her advisor,

Mrs. Castilla. North Shore has helped her risk and learn and grow with experiences she had never tried before. We at North Shore are richer for having had her at our school and I am richer for being able to share my life with her for the past two years.

Here's to you, Lucy!! Celebrate your graduation from North Shore!! Believe in yourself and keep striving towards your wonderful dreams. Don't ever settle for less than you deserve.

I know you will have a wonderful life. You deserve it!!!

Your friend,
Tana Hitch

Congratulations Olivia Giampietro
